

AFTER HOURS POLICY

The after-hours line (main office number) is to be used for emergencies that occur after hours. Do not call for prescription refills, appointment needs, or for any test results after business hours. Business hours are from 8:30 am-5:00 pm Monday - Friday.

If you are experiencing a true emergency after hours, please go to your nearest emergency room.

If you are experiencing problems after hours that can be addressed by an on-call provider, please make sure that you listen to all the options and select appropriately.

You may receive a phone call from a **(912) area code** for a return phone call from after hours.

To leave a message for Dr. Stevenson's on-call provider, you will need to select the **NEUROSURGERY** option.
