

# PATIENT NAVIGATORS are available to help you

## Some of the many ways an OPTIM PATIENT NAVIGATOR can help you

Explain your health insurance plan benefits and how to complete your plan's authorization processes.

Determine your financial options if you are uninsured or have a high deductible health insurance plan.

Determine if Optim facilities are in or out of network for your health insurance plan.

Schedule your procedure at the appropriate facility under your health insurance plan and your plan of care.
